

BILLING CODE 6717-01-P

FEDERAL ENERGY REGULATORY COMMISSION

Wilkesboro Hydroelectric Company, LLC

Project No. 12642-003  
North Carolina

**NOTICE OF AVAILABILITY OF ENVIRONMENTAL ASSESSMENT**

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the W. Kerr Scott Hydropower Project that would be located at the existing U.S. Army Corps of Engineers' (Corps) W. Kerr Scott Dam and Reservoir on the Yadkin River, near the Town of Wilkesboro, in Wilkes County, North Carolina. The project would occupy 3.5 acres of federal lands administered by the Corps.

Commission staff has prepared an environmental assessment (EA) for the project. The EA contains staff's analysis of the potential environmental effects of the project, and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document.
